

Dementia or a Senior Moment?

We all have the problem, so come learn more about Dementia and Senior Moments... and there is a difference. Patty Mouton has been with the Alzheimers Association since 2005 and has more than 30 years in the health care field will discuss the problem and provide answers to your questions. This is an excellent opportunity to learn more about yourself and your family.

The meeting starts at 7:00 PM with light, heart healthy refreshments courtesy of Mission Hospital served at 6:30. Come listen to Patty and bring your questions.
