

Edwards LifeSciences

Heart Valves and Hemodynamic Monitoring

Wednesday, October 19, 2011

Our guest speaker will be Don Bobo with Edwards Lifesciences, who will be speaking on the history of the company and what led them to drive the most impactful innovations in the treatment of heart valve disease.

Edwards Lifesciences is the global leader in the science of heart valves and hemodynamic monitoring. Driven by a passion to help patients, the company partners with clinicians to develop innovative technologies in the areas of structural heart disease and critical care monitoring that enable them to save and enhance lives.

Attend our October 19th meeting to hear Don tell about the new devices and developments at Edwards Lifesciences. The meeting starts with light, heart healthy refreshments at 6:30 PM and the presentation begins at 7:00 PM. The meeting is in the Mission Hospital Conference Center and we look forward to seeing you there.
