

Monthly Meeting March 21, 2012

Stents with Louie Broccardo - Medtronic Vascular

Louie Broccardo has been in the Interventional Cardiology and Peripheral Vascular field for 15 of the past 18 years. For the past nine years Louie has

been employed with Medtronic Vascular as a Senior Coronary Sales Representative in the Orange County and San Diego areas.

Louie graduated from Michigan State University with a Bachelor of Science in Physiology and later received a Master of Science in Applied Physiology from University of Health Sciences/The Chicago Medical School. Louie's talk will focus on coronary and peripheral stents along with presenting general indications for stent therapy and how stents can improve a patient's condition. He will include an

overview of the diagnostic angiogram and interventional procedure and provide samples of diagnostic and interventional guide catheters, diagnostic and interventional guide wires, angioplasty balloons and coronary and peripheral stents.
